

Abbotsford Christian School

WAITING LIST GUIDELINES

1. New families will not be considered for admission or be placed on the Admission Waiting List until their application is complete.
2. Children of families meeting all registration requirements will be enrolled in Kindergarten to Grade 12 in the following order:
 - i) Children of parents who are Society members and/or who already have other children enrolled in the school
 - ii) Families who are members of supporting churches
 - iii) Children of ACS Alumni
 - iii) Transferring from other S.C.S.B.C. and C.S.I. schools
 - iv) Christian families who do not meet the above categories

A further priority must be given to those families who intend to enroll all of their school aged children at ACS over and above those who don't enroll all of their school aged children.

3. Re-enrollment forms will be sent to the enrolled families in January each year. Parents must indicate a commitment for continued enrollment by mid February each year or risk losing their child's placement the following year.
4. Committed families who meet the school's criteria for admission may carry their registration to the following year if the school is unable to accommodate their children in the current year. These families would have priority for the next school year in accordance with Section 2 above.
5. Parents may apply for admission to the school two calendar years before eligibility.
6. Up to two places in each classroom may be occupied by International students at the discretion of the campus principal in consultation with the International Student Coordinator. The priority sequence outlined in Section 2 above applies to designated International Student places.
7. Up to two places in each classroom may be occupied by Special Education students at the discretion of the campus principal in consultation with the Special Education Coordinator. The priority sequence outlined in Section 2 above applies to designated Special Education Student places.

The Admission Waiting List Guidelines are enforceable only to the extent that the school's Admission Policy, Class Size Policy, International Student Policy and Special Education Policy are followed.
